

Terms & Conditions

By downloading or using the app, these terms will automatically apply to you – you should make sure therefore that you read them carefully before using the app. We are offering you this app to use for your own personal use without cost, but you should be aware that you cannot send it on to anyone else, and you're not allowed to copy, or modify the app, any part of the app, or our trademarks in any way. You're not allowed to attempt to extract the source code of the app, and you also shouldn't try to translate the app into other languages, or make derivative versions. The app itself, and all the trademarks, copyright, database rights and other intellectual property rights related to it, still belong to their respective owners.

Certain functions of the app will require the app to have an active internet connection. The connection can be Wi-Fi, or provided by your mobile network provider, but we cannot take responsibility for the app not working at full functionality if you don't have access to Wi-Fi, and you don't have any of your data allowance left.

If you're using the app outside of an area with Wi-Fi, you should remember that your terms of agreement with your mobile network provider will still apply. As a result, you may be charged by your mobile provider for the cost of data for the duration of the connection while accessing the app, or other third party charges. In using the app, you're accepting responsibility for any such charges, including roaming data charges if you use the app outside of your home territory (i.e. region or country) without turning off data roaming. If you are not the bill payer for the device on which you're using the app, please be aware that we assume that you have received permission from the bill payer for using the app.

You should also remember that the app's functions purpose is to make things more convenient for you – it doesn't replace your travel documents, and you will still need to bring them to the airport in order to fly. Lastly, we do rely on third parties to provide information to us so that we can make it available to you. So, it is not intended to wholly replace the need to stay informed of updates that are made on screens throughout the terminal or via airport loudspeaker announcements. We accept no liability for any loss, direct or indirect, you experience as a result of relying wholly on this functionality of the app rather than using all the resources in the airport to keep yourself updated as to the details of your flight.

At some point we may wish to update the app. The app is currently available on Android and iOS – the requirements for both systems (and for any additional systems we decide to extend the availability of the app to) may change, and you'll need to download the updates if you want to keep using the app. The publisher of this application does not promise that it will always update the app so that it is relevant to you and/or works with the iOS/Android version that you have installed on your device. However, you promise to always accept updates to the application when offered to you, We may also wish to stop providing the app, and may terminate use of it at any time without giving notice of termination to you. Unless we tell you otherwise, upon any termination, (a) the

rights and licenses granted to you in these terms will end; (b) you must stop using the app, and (if needed) delete it from your device.
